# HOLLOWAY'S DREAM GARDEN

THE HOME OF

THE TWO TETONS      JANE WITHERS  
AND SOME REAL GOOD GLADS

GAGE T. HOLLOWAY      (1942)      HENRY, NEBRASKA

While we will always remember Pearl Harbor; in keeping with these tragic times, many of us will turn even more to our flower hobbies in an effort to forget the military insanity that has pervaded other parts of the world and is now taking its toll on our own shores. Grateful thanks are due all of you who have sent in the nice orders and written us such fine letters and we sincerely regret our inability to show proper appreciation by making a personal reply in each instance.

So we are off again with the annual seasonable parade,  
With a fine lot of bulbs that nature has made,  
And furthermore, you may expect these bulbs to grow,  
If you plant by the "Moon" and use the old garden hoe,  
We try to eliminate the items we find are a flop,  
And include the "Gems" that will make the "Fans" stop,  
We hope they grow for you as they do for us here.  
Including the Tetons, Elanora, Withers and King Lear,  
If you are shopping for rare items, we have them for you,  
Offering a nice selection, at a substantial saving too,  
And when you open your package, you'll really find more,  
Than you ever dreamed could come from a grower before,  
To find all those top extras for which you didn't pay,  
Will possibly make you remember us some future day,

## "MOON SIGN BOOK"

Representing a highly profitable investment; Published by Llewellyn Publications, Ltd., 256 pages. showing you how to get in harmony with nature and plant in the most fruitful sign of each quarter. You will certainly be slipping one over on the other boys competing for the 'Show' and the only bad feature to contend with is that your bulblets and planting stock could make such large bulbs that you will require additional storage space; Discloses when to get the weeds in the barren signs that often tend to planting failures, together with a wealth of other valuable information. Do not use a common almanac, which is usually wrong, and then condemn Astrology. Conduct a few experiments and it is a good guess you will not again be without this valuable little publication. Postpaid—\$1.05; supplied with bulb orders aggregating \$5.00 net for 75c each; and on orders of \$10.00 or over for 50c each. A new book is compiled annually giving the new dates for that year.

## "GOLDEN TETON" OUR 1942 INTRODUCTION—NO DISCOUNT

This is a Zimmer seedling that has been grown by us for two years under No. H—21 and to our knowledge, this beautiful variety has not yet reached the shows; Splendid reports and compliance with numerous requests implies the reason for introduction. It is our policy to use the description of reliable growers on New Introductions and in this instance will quote our good friend Mr. Chas. A. Ruble of Albert Lea, Minn. Quote: "I presume by this time you have also found out that Holloway's H—21 is sure a dandy glad. An authority from Estherville, Iowa was here while it was in bloom and remarked that it was the best yellow he had ever seen and incidentally, I am in strict accord with him. Here is the way I have the notes in my book: Sure a beauty; Light yellow with a green tint; A very straight stem; Grew 52 inches tall; 26 inch flowerhead with 21 buds; Opened 10—6 inch florets which were of good substance; This was planted April 27, 1941 and bloomed July 19, 1941 (83 days.)" (Our comment: A good propagator.)

**PRICE \$1.00 per BULB: Any Size: BULBLETs ea. 15c 10 for \$1.00. 100 for \$7.50**

FURTHER COMMENT—WE FEEL, "GOLDEN TETON" WILL DESERVE THE SAME PRAISE GIVEN OUR CONSISTENT AMERICAN BEAUTY SHOW WINNER—"SILVERY TETON" (1940 RELEASE). INCREASE OF STOCK PERMITS A SUBSTANTIAL REDUCTION IN PRICE THIS SEASON. PRICED ELSEWHERE IN OUR RETAIL, SUPER VALUE AND WHOLESALE LIST.

## CRITERION (KRUEGER 1942)—NO DISCOUNT

We are pleased to list this notorious rightly named "Show Winner"—Award of Merit, Wis., scored 88 and 86 on separate occasions. Midwest 3 spike, dec., seedling winner American Home Achievement Award, and most beautiful spike at the Show, Wis. '41. One of the most consistent producers of exhibition spikes and a promising commercial. Spikes carry 20 to 26 buds, 22 to 28 inch flower head, and opens 6 to 10 five inch florets. The plant is vigorous and healthy, color a lovely light pink. Blooms in about 95 days. Should be cut in the bud. Produces bulblets in generous quantity that germinate readily. Parentage: Picardy and Pearl of California.

**PRICED EACH: L—3.00; M—\$3.00; S—\$2.00; BLTS.—50c OR 10 FOR \$4.00**

**BADGER BEAUTY** (Krueger '41) medium decorative—lavender with creamy white throat. A gladiolus for florists, grower, fancier, exhibitors and hybridists. An outstanding introduction, earlier, much better propagator and a definite improvement on its mother, Minuet. The flower head averages 20 inches and carries 18 to 20 buds, of which, five 5 inch florets open in the field. It does not throw a crooked spike and blooms from small stock and bulblets. The much talked of lavender at the Chicago Midwest Show '41, where it won 1st in decorative, open 3 spike lavenders. 1st in ex. new intrd., Wisconsin '41; 1st Waterloo '41.

**PRICE—EACH L—\$2.00; M—\$1.50; S—\$1.00; BULBETS EACH—20c OR 10 FOR \$1.60; PER 100—\$12.80 (No discount)**

**JANE WITHERS** (Our 1941 Introduction) And perhaps next in line of competition with Krueger's Badger Beauty; Some of the new ones including the highly advertised were in our garden the past season and as yet they have failed to qualify for the race; "Jane" is priced within the reach of all this season and a good investment to stock up for the shows. Prices will be found elsewhere in our Retail, Super Value and Wholesale list.

Iowa customer writes, Quote: "Just a few lines to let you know that I so really enjoy the beauty of Jane Withers. I cut one spike of this last Thursday or Friday morning with one open and have let it open in the basement. This morning with 11 open I took two pictures with Eastman 35mm and Kodachrome film for the purpose of having slides to enjoy my gladiolus next winter. I took this spike down town this morning and placed it in the bank lobby for customers to enjoy today. At noon had 13 open and now two more are opening so have 15 with 5 showing color. Stem is shorter than it should be as we have had exceptionally dry, hot weather."—B. I. L.

In the past we have been favored with some exceptionally large orders and in conformity with our belief that these buyers are entitled to select a portion of their premium bulbs, we are pleased to make the following additional offer: On orders aggregating \$25.00 net, representing all classes in our list, select 10 bulbs extra, any size, from the following: Alsace, Amigo, American Commander, Jane Withers, Pink Radiance or Redwin. (This means you may have 10 bulbs of one variety or mix them up as you choose.)

On orders aggregating \$50.00 net, you may select 20 bulbs including the above items together with Silvery Teton and Zacatey, not over 10 of any one item. In addition you will receive extra one each: Apache Chief, Badger Beauty, Criterian, Golden Teton and Caroline W. Gannett. On orders aggregating \$100.00 or over net, select 50 additional premium bulbs from above, not over 15 of any one item, and you will receive double the additional items.

We are not unmindful of the fact that shortage of help with us is sure to mean a drastic curtailment in planting and it is our wish to invite all "Bargain Hunters" to send us a list of your late requirements around April 15th, and you may expect upwards of 50% discount on any of the newer items, both Wholesale and Retail, that are in surplus at that time. More than that, we may have the inclination to make you a real "Spring Christmas" out of the deal. In the meantime, please remember.

"WE HAVE BEEN ACCUSED" of making our prices very, very low

A fine thing to save the difference and watch your wallet grow

This is the time for more "Defense Bonds and Stamps" to buy

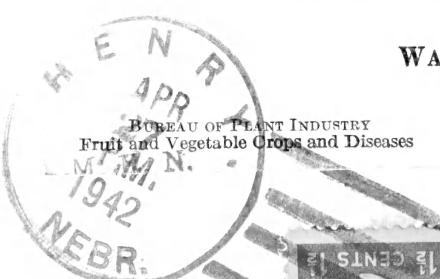

And you couldn't get the job done if the bulbs were too high.
